3. **Poster Header:** The top of your poster must clearly display the title, author names, and institutional affiliations.
4. **Poster Design:** There are no specific requirements or restrictions regarding layout, color scheme, fonts, graphics, or figure placement.
5. **QR Codes:** You may include QR codes that link to additional data, supplementary materials, or your researcher profile.

Finding Your Poster Number and Presentation Session

To find your poster number (Program ID), please log in to your ICAR profile through the ICAR [Submission Portal](#).

1. Log in to your profile.
2. Select "**Submissions: ICAR 2026.**"
3. Click "**View Abstract.**"
4. Locate the **Program ID** listed on the top with your abstract.

Your Program ID is your assigned poster number and will be used to determine both the location of your poster board and the day you are expected to present.

Example: If your poster number is **EP42**:

- **EP** = *Emerging and Existing Therapeutics – Pre-Clinical Research*
- **42** = Your assigned poster board number within that category
- Based on the table below, **EP38-EP56** are scheduled for presentation on **Thursday, November 12**, so you should be present at your poster during the Thursday poster session.

Please use the poster assignment table below to identify your presentation day. Poster boards in the Exhibit Hall will be labeled with Program IDs (e.g., A5, B22, DR14, EP42). Please mount your poster on the board corresponding to your assigned Program ID.

While posters will remain on display throughout the conference, presenters are only required to be present at their assigned poster session.
